

Price List and Written Estimate — Template

What it costs, before it is done. The public price list format and the written estimate a patient signs before admission or a procedure

Price list — public format

Service / procedure	Price (currency)	Includes	Charged separately	Covered by state programme / insurance?
e.g. Outpatient consultation, specialist		Consultation, basic examination	Tests, imaging, procedures	Yes / partly / no
e.g. Inpatient bed, per day (standard room)		Nursing care, meals, standard medicines	Specialist consultations, implants, high-cost drugs	
e.g. Appendectomy (laparoscopic)		Surgeon, anaesthesia, theatre, 2 nights, standard medicines, one follow-up	Complications requiring further surgery, ICU, blood products	

Rules: prices dated and version-numbered; the list at reception matches the website; no charge appears on an invoice that is not on the list or the estimate; emergency care is never delayed for payment or a deposit.
